Health Guarantee

NEW POLICY: Hound House Farm guarantees that the above described dog/puppy is a purebred Dachshund with AKC/CKC registered parents. Here at Hound House Farm our goal is to provide your family with a wonderful Companion Pet. We do not offer AKC registration papers on our puppies unless prior arrangements have been discussed (proof of spay/neuter). We have worked very hard on our breeding program to ensure that our families get a happy, healthy and well socialized puppy that is ready to join you. Our breeding program is our pride and joy so there for we do not sell to our puppies to breeders to ensure that our hard work is not in every kennel out there. Select litters will be offered Limited AKC registration AFTER proof of spay/neuter has been sent to us. We are now working closely with a few show breeders and we will respect the efforts they have put into their lines and will not offer any of those litters with registration papers to protect their lines. Thank you for your understanding and respect of our hard work.

Hound House Farm guarantees this puppy to be free of life threatening Genetic Defects until the puppy reaches 1 year of age. You MUST order with our order code provided and forward to us or keep your receipt.

PLEASE NOTE: Due to the varying kinds of dog food on the market and the different environmental conditions the dogs come on contact with, we will extend our guarantee on our puppies if they are given NuVet Plus daily at the manufacturer's suggested dosage for their lifetime. You must have your NuVet Plus on hand when your baby arrives home and you must order with the order code below so that I am notified each time you place your order. Failure to do so DOES NOT extend the guarantee beyond 1 year. Not available in stores –have on hand when your new puppy comes home. **NuVet Plus (Must use Order Code 46096 when ordering).**

Buyer agrees to have said puppy/dog examined by a licensed veterinarian with (3) three days after the dog/puppy leaves the breeder's care. The buyer has (2) two business days to notify the breeder of the licensed veterinarian's findings in writing. Failure to do so will void this agreement and its guarantee. If the dog/puppy is found to have a fatal or severe life-altering genetic defect by the age of two years that is diagnosed by a licensed veterinarian that would prevent the dog/puppy from being a good pet/companion and is detrimental to the dog/puppy's life, then the breeder will replace the dog/puppy with another dog/puppy of the same color, sex, and value (if available). If the buyer refuses a replacement of the dog/puppy then this agreement and its guarantee are void. The buyer understands that it is the breeder's choice to refund the purchase price less the non refundable deposit amount, or replace the puppy. The buyer is responsible for all expenses in the return of the dog/puppy and under no circumstances will the breeder replace the above puppy/dog if the breeder has not been advised of its illness with in the time allotted above or if the dog/puppy is given away or put to sleep.

All future liabilities and veterinarian bills will be the Buyers responsibility.

The breeder will refund all money if the puppy is injured or dies in the care of the seller. If the buyer changes his/her mind for any reason, the deposit will NOT BE REFUNDED. The puppy has been wormed and vaccinated in accordance to its age.
